What Have You Got To Hide?™

Draper Fine Art for FlatScreens

Fine Art for FlatScreens enable you to easily conceal a flatscreen display behind an artisan crafted tapestry and reveal it with the touch of a switch or wireless controller. Choose from 39 stock jacquard woven tapestries or create a beautiful custom PictureWeave® from your favorite photo, graphic or corporate logo. Virtually any photo of family, family pet(s), graduations, weddings, anniversaries, vacation homes, family boats, sunsets/sunrises, vacations or sports can be turned into a custom woven masterpiece. Fine Art for FlatScreens hook and loop system makes it easy to change tapestries for special occasions. Additional tapestries for holidays or other special events may be ordered initially or at a later date.

Fine Art for FlatScreens Options:

- Tapestry sizes available up to 65" width.
- Several fascia options are available including standard paintable aluminum, four hardwood styles in seven finishes, and five popular laminate colors.
- The brackets will accept your curtain rod or dowel up to 3/4" diameter for custom valance in lieu of fascia.
- Available as a Plug & Play or hard wired system.
- Plug & Play units ship with built-in RF receiver, 10' power cord, and RF transmitter with wall bracket.
- Hard wired units can be integrated into existing home automation systems and include one 3-position wall switch.
- Numerous other control options are available.

*The Perfect Balance of
Fine Art and Technology!*
